Dear Executive Director's Office:

I need reassurance that the proposal to construct and operate a new cellular tower (Case No. 95-031) within 500 feet of my office will not affect my and my staff's health, as well as affect the operation of computers and equipment used daily in our business.

If you can assure me these matters are of no concern, then I will have no objection to the tower.

Thank you for your time and consideration.

Sincerely,

Alfred Phillips
President
